Bee Inspired!

Bee Inspired is an Art and Design Competition focused on raising awareness of the importance of bees to the environment, our eco-systems and our food chain.

Kids, we want to hear your voices, see your artwork and share your message with the world. If you would like to make a difference to the small creatures who share our planet with us we want to hear from you.

Instructions and guidelines

Design a poster to raise awareness of the important role bees play to life on planet earth.

We recommend you pick a focus for your poster from the following; why we should celebrate bees,

what bees contribute, or how we can help to save the bees.

Use language and image to educate, persuade, entertain, or inspire your audience. Your job is to help people see the amazing things that bees contribute to our world.

Dates and Deadlines:

This competition opens on World Bee Day, May 20th 2023 and the final deadline for submitting your entries is 19th September 2023.

Prizes

Prizes include bee shirts, wildflower seeds and having your poster designs published on our website and social media pages.

How to enter:

Complete the entry form on the next page and send it with a digital file of your artwork to heather@bee-positive.net

If you can't make a digital copy, send or deliver your artwork to Bee Inspired Art and Design Competition, Kirkgate Community Centre, 39A Kirkgate, Shipley, BD183EH

We can't wait to see your artwork!

Bee Inspired Entry Form

Name:

Age:
